The measure specification methodology used by the IBM Corporation 2020 is different than NCQA's methodology. NCQA has not validated the altered measure specifications but has granted IBM Corporation 2020 permission to modify as needed.

None of the measures produced from quality rules engine (QME) have been validated by NCQA. NCQA specifications provided in QME are for reference only and are not an indication of measure validity produced by QRE. A measurement rate does not constitute a HEDIS rate unless it audited and approved by an NCQA-certified HEDIS Compliance Auditor. All measurement rates produced by QRE shall not be designated or referenced as a HEDIS rate or HEDIS result for any purpose.
